Hi Avi,

It's good to hear from you.

Attached is a summary of this issue, and I and/or others can fill you in further if you like. Feel free to call me, or let me know if you'd like a Teams meeting to dive a bit deeper (so to speak) into the issue.

Best,
Deb.

Deb,

Hope all's going well with you and folks in the Region. Casey Katims mentioned the attached letter to the Administrator this morning, and was hoping you or someone in the Region might be able to provide me with a bit more background information about this issue and how its being addressed. Let me know if a short Teams call would be useful, or if there are some background materials already prepared that you can send me. Thanks much.
